TODAY—Southern vs. Car Department, at Third street and Florida avenue northeast.  
TOMORROW—No game.

Station forfeited another game yesterday, Car Department being the donees. The Unionites have had hard luck all season in getting a team on the field, due to the fact that there is little interest in a faller.

The game today should furnish some good baseball, and will be the last game of the season. Should Car Department win, the pennant race will be decided with that team as champions. On the other hand, should Southern bring home the bacon, it will have a chance to overtake the leaders.

Mr. Winslow stated today that the report regarding Southern dropping from the league is merely a rumor, and that nothing official had been received by him. Manager McClung, according to his last talk with Mr. Winslow, intends to stick until the season is over.

Had Jim Fields not weakened after pitching five excellent innings, Agriculture might have had the long end of the score yesterday, as the Farmers had an excellent team in the field.

By taking advantage of Anacostia's numerous errors and dumb work on the bases, Hamline squeezed out a victory by a one-run margin.

Hamline used their pitchers, Beach, Priddy, and Lipp, but only the first one was removed for cause, Priddy retiring in favor of Lipp in the seventh, when the leaders apparently had the game on ice.

Carl Lipp, Hamline's third pitcher, made his appearance in the box, but he proved easy meat for the St. Elizabeths boys, two hits and a base on balls being gathered by Anacostia during the one inning the southpaw served.

TODAY—Bureau vs. Adams Express, First and M streets northeast.  
TOMORROW—Commissioners vs. Adams Express.

Commissioners failed to present a full team yesterday and therefore Bureau of Engraving advanced another game in the victory column by forfeit.

Aloysius now has the pennant well under cover, although Adams Express has a slight hope. Should Aloysius lose two of its next three games, and Adams Express win its five remaining contests, the race for the flag will be tied.

There will be a meeting of the league on Sunday morning at Aloysius Club, North Capitol and K streets, when details concerning the close of the league's first year will be disposed of.

For its first season under the Amateur Commission the District League has weathered the ups and downs against competition very successfully and everything points to the placing of six of the strongest teams in the District in the new circuit next season.

Ninth, of the Sunday School League, already has its bid in for a franchise, and it is expected that Manhattan, the conceded pennant winners of the Independence League, will fall in line before spring sets in.

Columbia (10) is getting ready to depart for the printers' convention in St. Louis about August 25, and Manager Johnson hopes that his nine will make a better showing than they have so far in the District League.

The signing of Richmond as a twirler is the finishing touch to Cornell's strategy in obtaining ball players.

TOMORROW—St. Paul vs. Waverley.

Kendall tied Manhattan for first place yesterday by defeating National Union, 10 to 3 in a ragged game.

Vickery pitched well for the losers, but he was afforded the poorest kind of support, twelve errors being made.

Moran was the only Kendall player to get more than one hit, his record being two singles and a home run in four times at bat.

Kramer hit well for the losers, getting a single and a triple out of three times up.

Vickery's double in the sixth was the only other made on the losing side that went for an extra base.

Tuohy's double play unassisted, out short a rally in the sixth which might have put National Union in the lead.

Vickery opened the inning with a double, passed to first for a place on out and scored when Moran let Bradock's grounder go through his legs.

Kramer tripped to right, but was doubled up on Ford's liner to Tuohy.

TOMORROW—Cornell vs. Navy Yard.

Cornell practically clinched the pennant yesterday by defeating Pumping Station in one of the most interesting games of the year.

The Paperhangers now have a lead of four and one-half games over Pumping Station, and with but five scheduled games remaining to be played should have little difficulty in coming out in the lead.

Clyde Richmond's mighty right arm was responsible for Pumping Station's defeat. The husky twirler had everything, holding the losers hitless when bingles meant runs, with the exception of the last inning when Lodge's single was followed by a long double by Steele, preventing a shut-out.

Martin was rather easy for Cornell, twelve bingles being obtained from his delivery. Big Cy McDonald and Mullen led with the willow, the former getting a double and two singles, the latter a circuit smash and a single.

Hayes' work at short was a revelation. The clever infielder accepted nine out of ten chances and was the first man in three double plays, which latter did much to keep down the score of Pumping Station.

There is no denying the fact that Manager Cornell has a team of well-seasoned stars signed, and a team that would do credit to almost any small minor league. All of the men have been playing for years, and there is never any of the usual amateur throw-the-ball-away playing to their work.

The signing of Richmond as a twirler is the finishing touch to Cornell's strategy in obtaining ball players.

Corcoran now has third place practically clinched, owing to its victory over Tenleytown yesterday. Ruppert started to do the box work for the winners, but was taken out in the fifth inning with three on the bases and one out.

Mullineux replaced him and walked the first man who faced him, forcing a runner in. The next man was hit by Mullineux, forcing in another run.

After that he was affected the only five Tenleytown batters finding him for safeties.

Stadler twirled for the losers and pitched a creditable game, allowing but ten hits and fanning seven. Not a man reached first on a free pass. He had two bad innings, the fourth and the fifth. In these two rounds, the Guards connected for eight of their ten hits.

The playing of Johnny O'Day in the left garden for the defeated was easily the feature of the game, he making three sensational catches, connecting for three hits out of five journeys to the rubber, clearing three runs, and pliffing four sacks.

In the eighth session with the score nine to eight against St. Stephens, the first man who faced him, forcing a runner in. The next man was hit by Mullineux, forcing in another run.

It is the opinion of many that the league will be under the Amateur Commission next season and subject to the rules of that body. If the Amateur Commission passes the rule limiting the playing on only one team, it is argued that it will take from the ranks of this circuit a number of well-known local ball tossers. On the other hand, it is said that this league, being a closed one and no outsider being allowed, this rule will not affect the players performing on another team in addition to the one in this circuit.

A number of games between several office teams are being arranged. In the Auditor of Disbursements Department a game is being worked up between the Has-beens and Never-wases, and from present indications it will be an affair of interest.

A team picked from this league will enter one of the older circuits next year. The Woodland team of the Olympia League is composed of half Southern Railway Leaguers, and after taking the place of Sligo, which had been relieved a bad start, it played good ball. Senesey, who was instrumental in the team's success, is out of the game five times of the season with a bad leg.
